

DOLPHIN RESEARCH CENTER
Ariel Aboody Guterman Memorial *Teen Basic DolphinLab*
Scholarship Application

Dolphin Research Center is a non-profit marine mammal education and research facility. Through education, research and rescue, Dolphin Research Center promotes peaceful coexistence, cooperation and communication between marine mammals, humans and the environment we share with the well being of DRC's animals taking precedence.

In order to further this mission, we would like to make our *Teen DolphinLab* programs available to those teens whose interest and passion to pursue a career with marine mammals exceeds their bank accounts. The Ariel Aboody Guterman Memorial *Teen Basic DolphinLab* Scholarship was created to make this possible.

Ariel was a generous spirit with a deep love for animals, and a very special connection with dolphins since she was a little girl. She would want to share the amazing experiences she had at DRC with others. Dolphins are such beautiful and intelligent creatures who deserve our care and protection.

We know Ariel is smiling down on them always.

Scholarship Application

The scholarship amount is **\$2,100.00** (\$1,600.00 towards tuition + \$500.00 towards travel/lodging). The scholarship award will be based on the greatest financial need and highest motivation to share knowledge acquired in the program for the benefit of marine mammals around the world.

Teen Basic DolphinLab:

- Tuition is \$1,600.00 (US) **without** lodging and meals, or \$2,050.00 (US) **including** lodging and all meals during the program. Tuition also includes all seminars, activities, interactive programs, a field trip, and digital photographs of the teen's dolphin interactions throughout the week.
- Tuition does not include transportation to and from any airport, or to and from DRC each day if the teen is not staying in the DRC Residence. It is the parent and teen's responsibility to secure transportation.

Scholarship Application

Applicants wishing to be considered for the Ariel Aboody Guterman Memorial *Teen Basic DolphinLab* Scholarship must complete the following:

1. The following documents should be submitted in **one envelope** and mailed to:
Dolphin Research Center
% Teen Basic DolphinLab Scholarship Application
58901 Overseas Highway
Grassy Key, FL 33050
 - A. This completed application form.
 - B. Two sealed letters of recommendation: One letter from a person unrelated to you, and whom you have known for 1+ years; one letter from a professional reference (teacher, coach, advisor, etc) whom you have known for 1+ years. The letters should be in a sealed envelope signed on the back by the persons writing the endorsements. Please see the “Letters of Recommendation” section below for additional instructions.

The applicant must also complete and submit the *Teen Basic DolphinLab* online application available on Dolphin Research Center’s website. We cannot consider an applicant as a Scholarship recipient without receiving the online *Teen Basic DolphinLab* application. Please note: If the teen enrolls in more than one *Teen DolphinLab* within the same summer and is awarded the Scholarship, the Scholarship is applied to only *Teen Basic DolphinLab*. A teen cannot be the recipient of more than one scholarship within the same summer.

Incomplete applications **will not be accepted or reviewed**. It is the **applicant’s responsibility** to follow up to ensure that the application with all required documents was received.

Ariel Aboody Guterman Memorial *Teen Basic DolphinLab*
Scholarship Application

Letter of Recommendation Form

Applicant's Name: _____

The above named individual is applying to the *Teen Basic DolphinLab* course at Dolphin Research Center (DRC). This applicant seeks a scholarship through the Ariel Aboody Guterman Memorial *Teen Basic DolphinLab* Scholarship Fund.

Dolphin Research Center is a non-profit marine mammal education and research facility located on Grassy Key in the Florida Keys. *Teen Basic DolphinLab* is an experiential, hands-on program that encourages critical thinking and group discussions. It is designed to inspire students to pursue a career within the marine mammal field. The week includes a unique blend of hour-long informative, discussion-based seminars on various topics such as Common bottlenose dolphin physiology and anatomy, training and husbandry care, conservation, and more! Students have the opportunity to speak with various professionals in the field to hear first-hand about both the rewards and challenges of a career in an animal field.

Scholarships are awarded based on financial need, motivation, and the desire to positively affect the environment we share. Ability and willingness to share acquired knowledge with others is essential. We would appreciate your comments on the qualifications and attributes of this applicant with regard to receiving a scholarship and attending *Teen Basic DolphinLab*.

Please complete the following and include this form with your signed and sealed letter of recommendation:

Name: _____ **Relationship to Applicant:** _____

Email Address: _____
